Summary

Hardworking and Self driven seeking full time position as a software Engineer to leverage strong coding skills. Looking for such an opportunity where I could level up my technical skills and contribute for the welfare of the company.

Education

Pravin Patil Polytechnic College Of Diploma Engineering And Technology

2022 - 2024

Diploma In Computer Engineering

I got an exposure to the technical world and a good coding experience with my colleagues. Made many mini and major projects for taking my skills to another level and thus building my confidence.

Experience

SDAC Infotech - Boriwali W

June 2023 - August 2023

Team Member

During college days, I had worked as an intern at SDAC Infotech and had contributed in the project development with the core team. Sharpened my skills and got to know how the IT industry actually works.
